HERE’S WHAT OUR CLIENTS ARE SAYING ABOUT ALMEXPERTS

After placing an ad under “Expert of the Month” in your newsletter, we got a job the first day from an attorney who had read the ad. Everyone thought I was a hero.

I have been an advertiser for many years, resulting in around 15 new cases per annum, directly from my ad in the Directory. Additionally, the professional and pleasant attitude of you and all the others I have worked with throughout the years has made our relationship very enjoyable for me. Thanks for the good work.

Thank you so much for listing my services as a forensic musicologist. The phone-ringing increase has been at least fourfold!

Thank you very much for your assistance with my client’s membership in The National Law Journal’s Expert Witness & Consultants Network! Throughout the entire process, you have been extremely helpful, patient, professional – and very nice! … I also thank you for suggesting various options in addition to the membership packages as outline I really appreciate your flexibility in that regard.

Being listed is certainly a cost effective way to obtain clients. A single case pays the cost of the listing, and without a doubt, there will be more than one case.
