**Expert Witness, Litigation Resource Services  
and Subrogation Support Available Nationwide**

**Offices in Texas and Florida**

- Services:**
- Engineering & Forensics
  - Surety Consulting
  - Safety
  - Architecture
  - Fire Investigations
  - Industrial Hygiene (Mold)

**Areas of  
Expertise:**

Nelson Architectural Engineers, Inc. (NAE) provides expert service in the fields of Forensic Engineering, Fire Origin & Cause, Surety Consulting, Materials Analysis, Science, Industrial Hygiene, Indoor Air Quality (Mold), and Computer Forensics including Data Recovery.

Our unique ability to perform design, remedial and forensic services gives us insight into the behavior and analysis of structures and machine operations. Expert analysis includes cause of failure, evaluation of damage and recommendations for repair from events such as collapses, construction defects, expansive soils and explosions. We also specialize in fire origin & cause; fungal (mold) contamination; storm, hail, hurricane and tornado damage; vehicular impacts; water leaks and construction defects analysis. ***NAE is available for nationwide investigations.***

**Professional  
Experience:**

NAE is an independent professional investigative engineering and forensic technology firm that provides services to architects, attorneys, contractors, developers, insurance companies, owners and property managers. NAE's professional staff has extensive experience working on a broad range of commercial and residential projects involving forensics, design, rehabilitation and consulting.
