- Expert Profile:** Dr. Conley is the founder of Conley Forensics and since 1977 has provided high quality expert economic analysis and testimony in more than 1,500 cases. Dr. Conley specializes in consulting and litigation support services, especially in presenting clear and comprehensive reports, statistics, and charts that have been proven very effective during trial. Dr. Conley is particularly proficient at working in difficult and complex cases where there is limited data, and also analyzing opposing experts' opinions.
- Goals:** To provide you with our total professionalism, integrity, and technical excellence. To give you the highest level of expertise with exceptional response times at a reasonable cost. To provide you with a competitive edge in your case.
- Areas of Expertise:** • Personal Injury • Wrongful Termination • Wrongful Death • Loss of Profits • Legal & Medical Malpractice • Cost – Benefit Analysis of Safety Improvements
- Services:** We assist our clients during litigation, including identification of critical issues, economic evaluation, analysis, research, calculation of economic losses, deposition preparation and consultation, expert report, trial exhibits and trial testimony. Dr. Conley has assisted attorneys as a consulting and witness expert on numerous lawsuits and arbitrations.
- Education:** Ph.D., Economics, University of California, Santa Barbara
B.A., Economics, University of Washington
- Publications:** More than a dozen publications in leading academic and professional journals. Dr. Conley is the author of "The Value of Human Life in the Demand for Safety" published in the American Economic Review, March 1976, pp. 45-55. The AER is the leading journal in economics. This article compares human capital, or the expected discounted present value of labor earnings, with the benefits of saving lives through accident prevention.
- Faculty:** Dr. Conley has held a professorship at the University of Southern California and has taught a number of courses at the University of California, Los Angeles, University of California Irvine, University of California Santa Barbara, among others.
- Honors:** The National Forensic Center's MC Mr. Arlen distinguished Dr. Conley as "one of the three leading experts in attendance". NFC Annual Meeting, 1995, Las Vegas.
