INTRODUCTION

An Architect and Industrial designer whose interests include high-tech materials, industrialization and futuristic concepts balanced by human needs. His professional practice is distinguished by creative problem solving and taking charge on behalf of the client.

EDUCATION

Professional degrees from Pratt Institute, Brooklyn, NY: Architecture, 1975; and Industrial Design, 1969, with a minor in Education

LICENSURE & CERTIFICATION

Architect: Practice registered in New York; Licenses have been issued by New York, New Jersey, Pennsylvania, Illinois, Connecticut, Louisiana, and Israel ■ Board Certified, National Council of Architectural Registration Boards (NCARB)

EXPERT TESTIMONY

Forty-five years of design experience as a practicing architect and industrial designer enhances the depth and authority of Mclean's testimony. Has prepared and presented architectural testimony regarding design, construction, professional practice, land use and zoning on behalf of architects, property and building owners, developers, civic groups, and home owners.

EXPERTISE

The standard of care exercised in the practice of architecture ■ Architect as fiduciary ■ Architectural design and constructability claims ■ Construction disputes ■ Contracts for construction ■ Professional practice and what constitutes the illegal practice of architecture ■ Building and regulatory codes and standards ■ Land use and zoning

PROFESSIONAL EXPERIENCE

McLean has an extensive background in design and management of comprehensive design projects. Representative projects include airport facilities, office buildings, prototype stores, hotels, residences, bridges, interiors, and furniture design. He was associated with major architectural and design firms since 1967. In 1984, he established his own studio, and in 1985 opened the firm that bears his name in White Plains, NY.
