

How Complete is Your Damages Valuation Model?

Why We're Different

- ⊕ **Preeminent Expertise:** We are PHYSICIAN life care planners in a field in which less than 1% of life care planners are qualified physicians. As practicing MDs who specialize in Physical Medicine & Rehabilitation, we are uniquely qualified to independently formulate and defend diagnostic conclusions, and recommendations for ongoing medical care.
- ⊕ **Unparalleled Convenience:** We provide our clients the convenience of accessing an entire range of damages valuation services, all from a single source.
- ⊕ **Unrivaled Scale:** As the nation's largest provider of life care planning services, our capacity to manage large caseloads, including mass torts, is unrivaled.
- ⊕ **Extraordinary Speed:** We manage the shortest lead times in our industry. We complete life care plans in 6 weeks, with expedite services available.
- ⊕ **Nationwide Footprint:** With the largest life care planning and damages valuation team in the country, we provide local services to clients throughout the United States and Canada.
- ⊕ **Unmatched Value:** We offer fixed, highly competitive prices to provide exceptional value to our clients.

“For a Life Care Plan to appropriately provide for all the needs of an individual, the plan must have a strong medical foundation. Physicians specializing in physical medicine and rehabilitation (physiatrists) are uniquely qualified to provide a strong medical foundation for life care planning based on their training and experience in providing medical and rehabilitative services to individuals with disabilities.”

– Life Care Planning & Case Management Handbook

America's Leading Life Care Planner™

Physician Life Care Planning provides the world's highest quality life care planning and damages valuation services. We're the nation's premier team of physician life care planners, vocational specialists, financial and economic analysts, medical illustrators, and neuropsychologists. Since 1988, we've produced thousands of plans for hundreds of satisfied customers.
