Why RPC:

- 1) **Testimony Experience.** Members of our firm have been accepted as expert witnesses in state and federal courts and before administrative agencies in more than 25 states. In addition, our multidisciplinary staff have testified in regulatory proceedings and consulted on projects for major national hospital chains, as well as community hospitals.
- 2) **Wide Range of Experience.** RPC has prepared damage studies covering the construction, technology, manufacturing, waste management, trucking, public utility, real estate, healthcare, managed care and other industries and professions. Clients nationwide.
- 3) **Large Case Capability.** Because of our multi-disciplined staff and large-scale document management and data management resources, we are capable of handling large cases efficiently and on a tight schedule.
- 4) **Healthcare Expertise.** RPC has special expertise applicable to cases concerning hospitals, physicians, nursing homes, insurance carriers and government agencies to address a wide range of healthcare liability and damage issues.
