MEDILEX

MEDICINE | SURGERY | PSYCHIATRY | TOXICOLOGY | PATHOLOGY | DENTISTRY | BIOMECHANICS

Since its founding in 1992 by an internist/geriatrician, a cardiologist, and an attorney, Medilex has been dedicated to providing high-quality, yet cost-effective, medical and related field expertise to plaintiff and defense counsel.

- **No Expert Search Fees:** Medilex never charges a fee to locate an expert. All monies are applied to the expert's actual work.
- **Free Initial Telephone Consultation:** A no obligation telephone case analysis with our director, who has spent more than 30 years analyzing more than 15,000 complex medical-legal cases spanning approximately 180 medical specialties.
- **Cost Control Guarantee:** If our expert's initial review and verbal report will exceed two hours, the attorney will be provided with a written commitment of the exact balance *and* given an option to decline to proceed.
- **Highly Qualified Experts:** Medilex experts range from well-published academicians to private practitioners. Most are current or former department chiefs and/or medical school faculty.
- **Full Scope:** From record review and consultation, through written reports, to expert testimony

Call Medilex for a free, no obligation case analysis.

Allergy/Immunology	Family Medicine - Aesthetic Medicine	Nursing	Placental Pathology
