

**CONSULTING ENGINEERING SERVICES AND
EXPERT WITNESS TESTIMONY**

Robert Liss

T:(212) 764 – 8500 / F: (212) 764 - 7068
246 West 38th St.
New York, NY 10018

ABOUT ROBERT LISS:

Robert Liss has personally designed portions of arterial highways and roads, including the Cross –Bronx Expressway, Secore and Baychester housing road networks. The Liss office has completed structural, mechanical and electrical designs for industrial, institutional and residential buildings, including on-site supervision of construction in accordance with O.S.H.A. Safety Codes.

A law firm's due consideration in retaining an expert witness is in the accuracy of the investigative report as well as the credibility within the courtroom. In addition to Mr. Liss' courtroom experience, his knowledge of federal, state and industrial regulations are the focal point of his client relationships. For many years Robert Liss has prepared liability claims reports for the States of New York, New Jersey and Corporate Counsel of New York City.

PROVIDING INVESTIGATIVE REPORTS IN THE AREAS OF:

- Automotive accident reconstruction
- Construction procedures
- Contractor's liability
- Equipment design
- Highway design
- Site drainage
