Ph: (850) 939-8926

Professional Experience:

Since 1981, Mr. Brown has been the sole proprietor of his own consulting business, either as Roland Brown Transportation Consultant or National Trucking Safety Consultants. During this time he consulted trucking companies and private fleet operations; he additionally consulted with the Alabama, Georgia and Florida Public Service Commissions.

Certifications:

Certified by the National Committee for Motor Fleet Safety Certificate of Completion, American Trucking Association, VA, AL
Certificate of Completion, Safety Supervisor Seminars, FL, NC
Certificate of Completion, Accident Investigation Seminars, FL, NC

Education and Degrees:

For many years, I have attended specialized training courses, and continue to attend these courses, sponsored by state and national Trucking Associations who have developed programs to better equip and train safety managers, operations managers and top management personnel. These are courses designed for people in leadership roles of motor fleet and trucking companies. I continue to regularly attend these courses in an effort to better serve clients in consulting and to assist in expert witness cases; and more effectively promote highway safety within the motor fleet industry and transportation companies.

Expert Witness Experience:

Mr. Brown has served as an expert witness in litigation and in State and Federal Court for trucking companies nationwide. He has served for plaintiff and defense attorneys, having given deposition and trial testimony.

Honorable Mention:

Mr. Brown has attended seminars in Safety Supervision and Accident Investigation, later supervising Safety Supervisor Seminars.

Mr. Brown received a special commendation from the governor of Alabama for special services rendered in the Alabama Highway Safety Program.

Mr. Brown remains active in various trucking organizations. He attends annual training in the methods and practices from the American Trucking Association, State Trucking Association and National Safety Council.
